Rev. S. Jackson.

Dear Brother.

Your letter of the 1st inst. about Westminster Church & W. S. Brown, has been received.

We wish to say

1. That Mr. Brown's Commission did not authorize any Presbytery, anywhere to fill it up or to place a mortgage. That is something reserved by the Board for its own action.

2. To us here we cannot see any ground of controversy between Presbyterians in Denver. The Church came to Chicago Presbytery, solely to obtain Wells & in the belief that we would give more money than the old Board. Now. Re-Union being accomplished & the Church put back what further need of controversy? It never was a question of "Schools" & the members of the Westminster never had any rights in the old church which they cannot have to-day if they will only go back there. Then, there is only one question to answer. Is a Second Presbn Church needed

in Denver?

One strong Church in a town is better than three weak ones. instance. St. Jo. & Kansas City Mo. & many other places. I cannot see that we ought to have another Church in Denver at present. But it seems quite essential that if we approve the application we need good assurance of the following things.

1. A good show for money to build a house with.
2. The assurance that the old Church will not ask any aid after Mr. Wells present year closes.
3. The good will & fellowship of Mr. Wells & his people. Can you give any light on any of these points? We of course wish for peace among the people of God in Denver but if the old Church do not unite cordially in this movement to commission Mr. Brown would be sending not peace but a sword.

As at present advised we cannot think the population of Denver large enough at present or likely to be large enough for several years to make the formation of another Church advisable. But we shall be glad to hear from you on the whole case. Yours truly H. Kendall

Dear Bro. Jackson-

You cannot be too careful not to become involved or take any part in the alienations of the two parties in Denver. You must ignore it some of the time - try to settle it up & reconcile all parties as far as may be. But if the Presbyterian force gets embroiled in Col. then farewell to all growth. It is most deplorable in Denver particularly the strong point in the State.

We are most anxious to hear from your New Mexico trip.

Rev. And Dear Bro—

When I came on here, I found that most of the men upon whom I relied for assistance in my movement, are out of town, and therefore, I have made but little actual progress in raising money:— but I am maturing my plans, and if nothing interferes with them, I think I shall raise about $6,000 East— the balance we shall have to raise in the West.

Rev. Dr Kendall seems to be rather jealous of the movement: and has written to Wells in regard to the same— also I believe to yourself. I find that

it will help me very much to have a written Statement from you ~~embracing~~ embracing among others the following points —

1. The present population of Denver, including the surrounding Country who come to Denver to Church —

2. As to the prospective growth of the town, the establishment of machine Shops, Car Factories by Rail Roads &c — Also Smelting Works &c

3. As to the necessity of this Church, and its location as it is & as it is to be — the midst of a large population within which there is no Church building of any denomination —

4. That the establishment of this Church is essential to the peace and prosperity of the

Presbyterian Cause in Denver!
I believe it is — and I believe
this is the grand ruling
the Presbytery.
Please answer, if possible by re-
turn mail —

Address Rev. N. Y. Brown
care of 624 Locust st
Philadelphia Pa.

Also at Presbytery, please pass if you
can a Resolution of Presbytery
Commending the "Stuart Reunion
Church" — and especially de-
claring as the earnest convic-
tion of Presbytery that the
establishment of this Church
is necessary to the peace and
prosperity of Presbyterianism
in Denver.

Forward this action to me
as quick as possible. The Bd.

of Home Missions meets here on the 20th inst — at which this whole question of giving me a Commission for Denver is to be decided.

If they give not Commission me to Denver, or some one else to the Westminster or "Stone Church" — Then I think Presbytery ought to ~~take~~ interfere, and protect the Westminster people in their just rights & the possession of the Church building —

Please receive the enclosed donation $21.00 from the Infant S. S. Oswego, N. Y. to be appropriated in part or in whole to Rev George Rice Idaho Colorado Tex for his Sabbath School.

The little Children of the Sabbath School will be greatly delighted to hear from him of his School and how he appropriates their money.

One of our missionary boxes we hope soon to have ready. Mr Kephart's will be delayed a little longer before filled.

We hope you will always find some way to dispose of our premises - the Children are very liberal in their contributions, of Course we all could do more than we do.

I think your labors must be very arduous. please write when you have another object for our money.

Yours respectfully
C. H. Condit.

Please direct the note to Mr Randolph so that it may reach him without fail as we are waiting for particular directions before sending his Vot.

Dear Bro. Jackson;—

Just before preaching Friday evening at Valmont who should drop up but Rev. Mr. Moore of Canon City. During a brief interview after sermon Bro. Rice learned from him that he contemplated surrendering his commission and going in with some Cumberland brethren, who are expected in the formation of a C. Presbytery. Mr. Rice strongly advised against such a step. He thinks it would do harm

to the cause while doing them no good.

I do pray that the Lord may be with you and strengthen you and assist to Carry on

Dear Bro Jackson,

Denver Col,

Although I wrote you a long letter but a few days ago, I must write again. There is quite an interest here just now on the subject of Indian Agents to take the place of Army Officers who have lately held these Agencies, & these are to be soon mustered out, & the direction of Pres. Grant requires each applicant to furnish recommendations from the church to which he belongs. It certainly implies that <u>christian men</u> are only to be appointed. With this view, now is the time for us all to move in the [illegible] of our own church. There are four Agencies to be appointed for this territory that I know of, but there may be more, & General Agent there for the Indian Department, & you may [illegible] Special Indian Agent for this territory any of an application for this office.

to Santa Fe next week. He is a member of our church here, and would do more than any man I know in behalf of all our missionary operations in Mexico. When he comes, and does not want it, I will write you. Mr Brier, another member of this church was appointed Agent of the Pueblo Indians, I gave him a recommend. The other two Agents, One for Navajo Indians at Fort Defiance where Brother Roberts is located. Without his knowledge I have written east to have him appointed. Will you write to parties east in his behalf? Write to the Board of Cor. Missions. Please also write to Dr Lowrie, tell Roberts could get an assistant, were he appointed, and thus have everything his own way among the Indians. The other Agent is a Mormon. Judge Houghton who rode with us to Las Vegas is an applicant. Could you not secure a Methodist Minister of our church, or some good Pres. for this agency? It would aid all our missions very much. So make a vigorous effort to get a Minister or Member of our church for the Mormons. I am writing with much solicitude for a response for deliverance from my personal embarrassment.

With kind regards, D. M. Farnham

Dear Bro. Jackson:—

The letter of Mrs Williams has been sent.— We are moving in the matter of the Memorial Fund. A Meeting was held at which it was resolved, that the Money raised should be used to remove the Church debt, and a Committee of "ways and means" was appointed, which met and unanimously resolved to undertake the raising of $2500, and appointed persons to Canvass for subscriptions. The Enterprise was entered into with Considerable Enthusiasm. But just then the Restoration Work Commenced, which came Continued so long and were pressed by Importunity to the nearly harvested Crop, the result of which has been a General feeling of depression and discouragement.

I do not think that the ones upstanded have done much in the way of endeavoring to obtain subscriptions. — There has been indeed a trying season for the peace. First came the drouth by which the wheat Crop was greatly injured. Then came the hail storm, which destroyed the Entire Crop of some and greatly damaged those of many others. And then came the rains, which have destroyed what was left in many cases. — You have no doubt heard how Mr. Andrews and Mr. Blanchard lost Every thing. Mr. A. has just Sold, or rather traded, his house for a farm, which is heavily covered by Mortgage. Mrs. A. Expects to Spend the winter at Mr. Blanchards. While Mr A does not Know what he will do. — So you will See, that our prospects for Removing the debt are not bright unless Mr. Cook will step in and do generously. And the State of his health keeps him out of our reach very much. Mr.

Jobus was appointed to see him and has had some
Conversation with him on the Subject. But I do not
think Mr. J. was the Man, on account of the business
relations which he has had with Mr. Cook. — Mr. Le and
wife are now in Chicago to be at Several weeks,
he is there to be near his Physician. And this is unfavorable to our effort at present. — I will make
use of your suggestion in reference to having Bro. Ly-
on see Mr. Cook. I had been thinking of the same
thing myself. — So you are making Denver your
base of operations. I wish we might see your Cheerful
face next week at Presbytery and at Synod. —
We are in usual health. Mrs. K. better than when
you were here. Give my love to Mrs Jackson. — A box
of clothing would be acceptable this winter as I have
told in Church, that I would endeavor to time in Eleven
hundred this year. — Your bro. J. Kileen.

My Dear Brother.

We were prepared to make a Donation of Social Hymn & Tune Books for "Black Hawk" - Mr. Alden called, said he would not take, but would write for them - It was Mr. J. G. Ridley - We have not heard from him since. This is merely to say that any delinquency is not with us. I have put your letter to Dr. Schenk into the October Monthly Record. I also read it to my Walnut Street S. School & got from them fifteen dollars for books for your work. I should like you to have some of our books that you might know them. How can I best send? Are you ordering anything from Phila'da or New York? Dr. John Backus said to me

I mean those of the late "Committee."

that he thought the Board had better leave its Colportage work where it is, and "Publication" cease to be presented, for contributions, to the Churches of our body. Is this the judgment of the West?

He is to stay with the Committee of 21 in New York — the Committee on Finance, — to present a scheme for readjusting all of our Benevolent movements. I trust that the Committee will so report as to give a fresh impulse to our whole work as a Denomination. In the Board of Publication we are harmoniously & happily readjusting and consolidating, but this involves a great deal of detail, & will occupy much of this years time & thought.

With kind regards and wishes

My dear brother

I expect to leave Black Hawk the first of next week I go to Pueblo. I returned from Pueblo home one week since. My old throat trouble returned upon me before I reached home. I was perfectly free from all asthmatic trouble while in the Valley. I propose to preach at Pueblo & also at Bro Goines. I cannot hope to get much salary there at the present. I hope to get a liberal grant from the B. D. M. I hope to see you at Denver on next Tuesday, if you should be called away I hope you may leave me any statement in regard to the work &c you may think necessary with any other matter necessary for me to know. Rev. Sheldon Jackson.

Dear Brother-

Can you tell me whether the Rev. Mr. Moore has gone to work in S. E. Colo. or not? The Easton people you know are to pay $1000 to Arnold + $800 to Moore But not if Moore is not at work- Let us know.

2. We have a communication from your Presbytery asking for the addition of Salary for Mr. Mitchell at Central City. My only hope at Central was that Mr. M. would get possession of the Congregational House in the absence of a pastor + play the same game as there that they did in us. But that failing there is no use in trying there! In my judgment all further outlay at Central is useless- or if not absolutely so- entirely unjustifiable when we know how much the same money would do in other places. As I said to you- if the people there cannot raise $200 at least for house

hire they show too little interest in our cause to make it any object to do any thing for them.

Again I have heard in some way that Mr. Adams is sick & down on the plains, most of the time & doing almost nothing for Black Hawk. & that you have been arranging for him to go to Pueblo. The latter arrangement is worth trying. I hope it may succeed. & that his health may be restored. In that case, I think it highly desirable that Mr. Mitchell should extend his labors so as to include Black Hawk - & ultimately change his base to that point.

3. I have already written you about Brown & the Westminster church. B. will not get his money. I presume not the first from $6000. & $10,000 from the East. It will be useless & try to get there. I do not think a 2nd church is needed there now. & to pay $1200 a year to help him in Denver, & such the man is not & not the churches are giving their money for.

H. We have your Report from New Mexico. It is very exhaustive & satisfactory. It gives us the information we need. But instead of sending three more men to that field - our judgment is to abandon all H. Ms. work in that Terr. for the present, turn over McFarland's School to the Education Board & with-draw Ammi- or have him taken up by the Baptist Board or by the Am. & For. Christian Union - Not that the work is not important than our that. for the present, with our present or fair prospective resources the money will accomplish vastly more elsewhere.

If Montana we hear not a word from any quarter. Arnold Kephart, Burgess & Brown - are all Hard at work & hopeful. I believe. I send you by this a circular which will show you about where we stand in many matters - Our prospects are not flattering - Money comes hard.

Yours truly
H. Ward

Rev. and Dear Sir -

Your letter of this date is just received. In answer to your first inquiry, I would say that I did advise an amicable adjustment of the difficulties in Denver by the Presbytery of Colorado, as being on the ground and best capable of judging of the merits of the whole case.

2d. In regard to your second inquiry I would state, that as the whole matter had been left to the decision of the Presbytery, the blank Commission was granted to you with the understanding that, if, in the judgement of the Presbytery of Colorado, there was room for two Churches, and that the establishment of the two would secure the most harmonious & peaceable adjustment of the whole case, & they recommended your appointment to the 2d. Church to be established ~~there~~ at Denver, that you would be, at once, located there by the Board.

Fraternally Yours

G. W. Musgrove.

Cheyenne, W. T. Sept. 23rd 1870.

Dear Bro. Jackson: Tell Gage if he don't send the key of my room back by Reel, I'll ——— have to find another, I suppose. Pretty cool affair to lock a man out of his own house and then skedaddle with the key!

Can't you arrange matters so as to be with me at a communion on the 3rd Sabbath of October, and go on to Laramie the ext Sabbath? The 3rd Sabbath would be the 16th & could then report for the quarter, as there would be nothing of importance in October to report after the Communion, and, if the Board decide to keep me here, perhaps they would pay my quarter ~~first~~ much in advance in order to let me go in for my family.

Thompson, I suppose, will be very much in favor of dividing my time with Greeley. Senter don't like it at all, but says if we can't do any better, he supposes we must submit to do the best we can. I suspect a little that Mr. Davis is looking a little to a similar arrangement with Greeley. He is now east on a visit with his family. He was very much taken with Greeley, and told me he thought it was a great pity we couldn't have him — & our churches down there. If I divide my time with Greeley, I wish he would make the same as we could then make an arrangement to alternate our Sabbaths, and thus head off the Methodists and Episcopalians here.

I would just as soon have the

two places as one, so far as my labor is concerned. The only point of difference I have ever seen lies in my fear that if I alternate with some other point, and others have preaching regularly every sabbath, there is where people will learn to go; and as a consequence it will be hard to increase our attendance, if, indeed, it can be taken up to its present point.

There is another side, however, to the matter, and a vastly more important one — "what would the Lord have us to do." It does hardly seem right that two ministers should be sustained at a heavy expense — at two points so easily accessible to one, while there are so many waste places to fill. And this consideration has the more force inasmuch as neither of the

places can contribute any thing to lessen the burden to the Soc[illegible]. If it be more in accordance with the will of God that the labor of our ministers should be divided between the two places, and thus both men and money economized, then [illegible] to risk the consequences here, for God can overrule all apparent hindrances.

Mr. Young will move to California in a few weeks. Reel will move to Denver. We lose by both. Mr. Young has an excellent house that I suppose will be for sale or rent. But I fear he will leave before I know what I am to do, and his house being a desirable one, will probably be immediately taken. Let me hear from you in relation to our Oct. meeting.

Yours fraternally
W. C. Kephart.

Dear Bro. Jackson:—

This is splendid weather for putting in the foundation of our little church. What is the prospect? I can get the finest location in the city, in my judgment, and as a donation too, I think. Meantime I am negotiating with the Memorial Committee for $1000 toward a parsonage. With the donation of that sum I pledge myself to lay a $1200. building. If you can serve any in this, do.

The allowance of the additional amount of salary voted by Presbytery is a neglect to the occupation of this field. Perhaps the Board should know this.

In reply to my letter to Georgetown nothing has been said. Bro. McClellan was down one day when I was not at home, and he told Bro. Adams, as he reported to me, that if I would remove to G., things would go on swimmingly, but he didn't think occasional services was of any use to them. Do not know whether this is all of the matter or not.

Dear Lord

Since it was necessary to pay for the adjoining property for the mission, as the [illegible] of this month, and there was [illegible] prospect of getting the money here, Bro. Roe & I concluded under great discouragement and write to you knowing that you will sympathize with us.

A few days ago I received a letter from Mr. Dillon, Chairman of the Sierra Methodist Committee in which he says that the Board has no funds and can do nothing for me in the purchase of the Edgar property here for our Female School. He says the appeal of Bro. Ellenwood has met with no response, and the Board cannot undertake the work of soliciting the funds. Now what do you advise me to do? Give up all idea of getting that property and abandon this mission field where God has so abundantly prospered our efforts to

to preach the pure Gospel among this people.
The Catholic Church opened here two weeks and
have taken several thousand dollars simply
because of their better accommodations.
With suitable buildings for our schools, this
Mission would become self-sustaining.
The dear people can now be brought to the point
of sacrificing with me on the great work, but to do
it we need a few thousand dollars to pay at once.
This will be held for two or three weeks awaiting
me to take it to my office and write me at
once your opinion what I should attempt to do
in the matter, and when I hear from you and
[illegible] up all hope
of seeing the Mission here accomplished that I
so ardently desire in the near future. Do write
write me anything on the subject in the matter.
I have seen nothing in any of my papers.

By the way, we should have a Presb. Minister

Dear Brother:—

Dr. Kendall sees the situation well. When I decided to come here it was with the expectation of receiving $1000 = on the ground. Private assurances to this effect had been given. But these cannot be realized. To gain a foothold here will require years of outlay — for the present the entire support of the preacher.

Of Georgetown about the same may be said.

For the remainder of my year — just six months-

I have no objection to making a change. Black Hawk, if a great ill to them — as I understand it would be — provided the Board continues my appropriation without reduction. The propriety of this will appear from considering that I have been running behind for the last six months. Should the B.H. church pay me proportionately as they did brother Adams there still would be a deficit at the end of the year.

As to the $20 for traveling expenses, if it is delayed much longer it will approach, if not reach, "consumation." Hope it "may be brought up again" before my [illegible]

Hope Zon will be able to be at B. H. Sabbath. They are anxious to consult with Zon, and I doubt not an arrangement satisfactory to them, to the Board, and to myself, can be made. Come if possible.

You have my sympathies in the trials thro' which Zon are passing. The Lord keep and comfort Zon and yours.

Affectionately Yours Bro

Dear Bro. Jackson:—

Upon reflection I fear the matter of the $200 for expenses was but altogether too mildly in my last;

I will suffer any "readjustment" our faithful friend Dr. Kendall may prescribe, if only he will send the $200 soon, And sufficient reason for this readiness for martyrdom you may draw from the fact that, since my arrival to this date up to the mountains I have rec'd but last $200 from the Board — the 2nd quarter being now due but not rec'd. — and

that $1,00 = 3 on bm and
(You recollect $100 of 1st quarter's salary my ad,
for me. While all the
2 tenis are paying $30
a month for house rent,
supporting my family whose
every thing costs from 30 to 50
per cent more than in the
states, and paying 2 per
cent a month on my
freight bill!

Wonder how long the
far-seeing Dr. would
think a person could stand
this without "readjustment"
or being "brought up" — flat!

When my position has
been readjusted I hope I shall
need it much less than now.

But then I am —

Corinne Utah.
October 7th 1870.

Dear Bro Jackson.

I write this confidentially for the purpose of asking your advice in reference to my leaving Corinne. I have been thinking of ~~this~~ this for the last two months. Neither Mrs B – nor myself like the place. There is a lack of hearty co-operation on the part of the members, very little vital piety. Scarcely any interest in the spiritual prosperity of our church. The grand aim appears to be, ~~to want~~ "a church which will, for its architectural beauty, be an ornament to our town". Not what can be done for the enlightenment of the ignorant, the reclamation of the backslidden, the conversion of souls. The majority of my members have never been near my week-night prayer meeting. Taylor left the church because he found that he could not boss it over me, & of course his wife left with him. His dogmatic spirit became apparent the very first public meeting I held in the place. We had met for the purpose of organizing a church choir, a suitable lady had been found who was willing to take the lead very well skilled in music. Taylor opposed it on the grounds that we did not know each others abilities, & another thing, "he was not going to sing under any woman". The result being after having interested seven individuals to be present for the purpose of organizing

the majority left displeased & would not meet to practice after. Again we called a meeting for the purpose of taking steps to get up a festival, quite a number of the friends gathered, willing to take hold & put the thing through. Taylor threw cold water on the meeting by opposing ~~the object~~, & demanding what the object of the festival was; he having been previously informed. After the organization of our church, & election of an elder, he was awfully out of sorts because he thought he was slighted in not being elected.

After drawing up my first article for publication he felt slighted because his name was not mentioned, & his wife would not, after requesting six copies, send them to their friends, on the ground that "It was of no use sending them to their friends as Mr. Taylor's name was not mentioned." But please pardon my bringing such rubbish before your notice. It verily appears [illegible] short of childs play, but such play makes it very unpleasant for the ministers. — I have heard through Mr Wilson that Bro Arnold will probably have to leave Laramie on account of the Ch. Ere. Com not being in a condition to render him the assistance asked for. Now I have thought that it would be a great saving to the funds of our Mission Board, if Arnold came here, instead of their paying the expenses of a man from some Eastern State. What do you think? I have thought that I am deficient of the requisite executive ability required in a field like this. Due, probably, to my English training. There

Western Farmers are a very difficult class to deal with. If I had ~~to~~ charge of a Church, or Churches in the East I feel confident of success, because the manners & customs are more similar to ~~#~~ what I have been accustomed. Bro B- is expecting to be confined in about four weeks from present date so that I could not well leave before Dec; but I thought that I would write you for counsel in the matter. Hoping to hear from you immediately.

My Dear Bro. Jackson

Rec'd Yours of the 5th inst., Mon. Morn'g the 9th inst. I have written as you find inclosed to the B'd of M's. I hardly know whether to send it or not. whether it is right or not: send it on if you see no objection. At present I cannot believe that this mission is to be abandoned. but I dont know. I wrote to Mrs Graham soon after I heard an intimation concerning removal, & she replied "I cannot think that the B'd will remove you but sh'd they think of it, or intend it, we will see what we can do." I have had it in my mind for a good while to write to the Am. & For'n Christ'n Ass'n, though on another matter. It seems to me that the work here is a good deal in their line.

There are a good many things that occur to me to say, & ask, which I have not said & asked in my letter. 1st Is it not strange that the Bd. should not write to the men on the ground (the Missionaries) at a very early day in the history of the proceedings? 2. Would the Bd. dissolve & disorganize the Presby. of Santa Fe, by its non-action & inaction. 3. Is not this a matter on which the Secretaries would desire & should have the deliberate counsel of the Bd. in full meeting & on which the Bd. would hesitate back until the Assembly sh. have opportunity to traverse & investigate the whole matter. These inquiries of course are between you & me (at present.) I have not money enough to go & stay from here free from debt: & don't know whether I could come to see you. But all is in God's hands & God is our Father. In a long wakeful time I had last night the words came into my mind & I repeated them "Trust in the Lord & dwell in the land & verily ye shall be fed." Yesterday I received your letter, and was glad to hear from you. In regard to your coming we shall be most happy to see you, but will be very glad to have you with us one week from next Sabbath as it will be our Communion D.V.
We also expect some 10, or 12 to unite with us on that occasion.
I send this to Cheyenne, fearing you may not get it before you leave your home.
We have just moved into our new house, which is quite convenient but with some $500 towards our home, and seems greatly interested in all our prospects and labors

Im regard to our House of worship
I hardly know what to think. Our only hope is God lives and he will provide for the wants of his people. I have written a long letter to the Reformed Church as you suggested. I also correspond with Dr Hoes House of Brooklyn and with a Mr Dutch of Albany. So you see I am not idle, but I better write to Rev Nevius and others.

I have written this in great haste. Yours in Kind regard. When you come I have much to tell you. This morning I go to Rawlings. Peace etc.

If possible please spend the 23 with us. I believe you will be strengthened and refreshed for your work by coming. The Lord bless you & Bro. Kilpatrick & Bro K. get that petition to Rep. Jones.

Dear Brother,

I arrived at St. Louis on my way here & was detained there 2 days. I purchased 15 mi. below Col. City & at Bridgeport. We have built a house in which to live.

I found 8 Cheyenne lodges 15 mi. below on Fountain & they will probably spend winter here. Have visited them & like them very much. Some of them come & live a mile from us.

Dear Brother Jackson:-

Despite the storm I spent the Sabbath at Golden. What with the storm and the failure to publish the notice, the audience was not overwhelming. In the evening I preached to Bro. Millington.

What do I think? Those whom I met seemed anxious to have a preacher settled there. A small congregation might be gathered and a small sum raised for support. Beyond this, unfortunately, there is nothing. Or at least nothing appears. Ought I voluntarily to exile myself there? The fact is my present condition is peculiarly puzzling.

So far as my judgment goes Dangers & Critical are the only promising points in this part. The former is occupied and the latter is to be abandoned. What am I to do? Of course I might go to Holden to fill out my year, or any other place. ~~[illegible]~~ But would that be expedient? Or I might surrender my commission and then undertake to master the situation myself.

Nothing from the Board yet. It is mean enough of it now the risk to his reputation which I am compelled to do. by this failure of my salary. After negotiating for a three months credit to pay in meeting obligations then is too bad. The Board should pay monthly or at by the quarter, in advance. To put off pay day for three months when disappointment

is trying human nature beyond reason. Nobody is to blame but Satan.

Hope you succeeded in getting your statement. Maybe, after a little, will forget this unkind hostiles.

(Very truly Your Bro.
D. H. Mitchell.)

P.S. You will conclude that I decided to decline your invitation to visit Dunn. I hope that it will not be long before I accept the same. At the knowing the extent of the storm in the mountains & my wife not being well, I felt to return at once.

By the way, I have an invitation from Mr. McLeay to send him an appointment — or Congregation. He accepted — I'd be glad to go there.

Dear Bro Jackson.

Your letters were received, thanks for the cheering nature of their contents. Since writing you I have felt very much encouraged in view of the manner in which members of our church are coming into our place; next Lord's Day I receive six into communion, five on certificate & one on profession, & baptize one. I have a little job on hand for you at dedication day, if, please God, my wife is sufficiently restored so as to be able to get out to church. We have an accession of two little fellows, both doing well. Mrs B— had a real hard time of it, is to-day feeling

better & looking brighter. A good missionary box is very much needed by us at present. I am rather short of warm clothing. Mrs B- do. & then we only looked for, & consequently provided articles for one little stranger instead of two.
Many thanks for your kindness. With Xtian love to your family

Dear Bro. Jackson:

Yours of the 5th & 10th inst. I just received yesterday. D.V. I will be in Black Hawk next week to preach on the following Lords Day. If possible I will come directly from here — I intend if I had funds but our last quarterage has not been rec'd which has made us short. This is final & nothing but some providential position of Providence will prevent my coming.

I feel very grateful for your kind word of sympathy in my very great bereavement and also for that of Mrs Jackson, and prayer is that you may not need the same.

Yours in the Gospel

Dear Bro Jackson,

Thanks for the "Interior" a satisfactory article that. If we can only wait, right will be made manifest. Dr Musgrave must have an uncomfortable spirit. Your work is telling. Shall you get any of the Memorial Fund? you could dispose of a goodly portion in a goodly way.

We return'd to Brooklyn Sept 25th after an absence of three months. my health steadily improving all the time. feel almost as before my sickness. still not quite as to strength.

How is your Wife bearing all these changes, since leaving the pretty little Manse? Is her health good? Are you comfortably house'd? What more can I do to stop the Presbyterian? it has been delivered here all Summer. though I wrote to Philadelphia

& you, to have it stopped. Please try again to have it understood, it troubles me. I have discontinued pamphlets &c it is so troublesome to the servants, each requiring a ring at the door, & I could not read all I took.

The second Presbyterian Ch has adopted the Jay St Pres & have just started together hopefully. Rev Mr Green former Pastor in Jay St, now over the two Congregations. Shall you come East this Fall? I would love to hear from you if you do not come, & see you if you do.

It is bed time & I must stop.
Mr Holiday is doing well in his little Ch, The Tracks are well, would send love I know. We often speak of you & yours
E joins me in love to Mrs S & yourself.
What of the Children?

Yours in Christ. S.W.S. Mundill.

Bro. Jackson,

Mr. Douglas wishes to know whether you have sent east for the dismission & church certificate, for himself & family.

Her does not wish to send for them if you have.

I have been out on the "divide" 18 miles and have assisted 3 days in building the new M.E.Ch. They seemed very anxious to have me preach there regularly. There is one Bro. family. Tomorrow

Rev. Warren, Rev. Perkins
& I expect to hold a
series of meetings 18
miles down the Fountain
The appt. was made be-
fore I saw either of them.
I go to assist. There
are 2 ch. families near
the place, 1/2 way down
to Bro. Irwin's.
The people are not
supplied with singing
or hymn books. I have
spoken to Bro. Douglas
about it & (also to Rev. Warren
M.E. minister) & he thinks
it would be best for us
to have two dozen books
"Pres. Psalmodist," & have
them reget by some one

I have not yet seen my trunk. I think I shall go to Pueblo next week. I hoped to have heard from you about it before this. I am not in a very good state for clothing till I get my trunk.

Yours in haste.

W. S. Sage.

P.S. Heard from Bro. J. L. G. this eve. He rec'd. a quasi call from Central City Dow. Co. He is now at home Roxabell Ohio.

AGENT'S OFFICE,

Sat" Eve" Piney STATION, Oct 29th 1870

Dear Bro Jackson

I have just addressed a very earnest attentive Congregation at the ticket office in this place, and I experience great joy in holding up Jesus Christ to such a hungry people as this, all the Section men came in, and they look forward to this time I come with great delight,

Tried for a seat at our house. We have received letters from this district but not the least encouragement in regard to our house of worship. In my report I told the Secretaries, I should have no Courage to remain at Laramie unless we should have a Church building erected, by we have an edifice - I am promised $300 towards my

support and I am fully convinced, it would be but a very short time before we become self supporting. Tokens of kindness meet me every where, but as I and others have promised them a Church building, if they would do all they are able, I cannot stay if we fail. I have no ray of hope from any human source, and can only say "My soul wait thou only upon God for my expectation is from him."

Rev. H. O. Dickinson D.D. of Niagara Falls reaches in Lansing tomorrow, as Cousin of Superintendent Dickinson, he is much interested in our Church there, & think you will meet him — at Corinna the 4th Sabbath in this month — pass through Lansing both morning services & if possible I am

Blair 29 Oct. 1870

Dear Bro Jackson

Yours Rec'd — I do hope you will not send / 2500$. Church = 1st Planne to Fremont with / more of a little better-building than that — And without some such building it will be hard to compete with existing denominations I feel inclined to make a steady fund at Fremont all something permanent has been effected at last — If 2500$ will not fulfil / condition of / obligation with Galpin & Moore and — viz a [illegible] Church

As you had privately proven
$3000 ✕ However
that will not trouble us—
It will be 3000— in / and
I am not sure this
is / best— A prospective
R.R. will advance prop
erty in value —
Blair will probably
build 10 miles this fall
& secure land grant—
It may be hard to
get others — And / ones
we have are likely to be
come more centred so
Acorn thinks since
Blair arrived with his
R.R. proposition this
week — I am more
pleased with Fremont
as a place of prospective
importance We need
a chapel at Blair

I wish you would see Mr. Brown A.C. New York in regard to parsonage for Fremont rents are awful — And as bad if you try to board The Comp. minister pays 300$ for a house worth 1000$ — We I pay 75$ a year for one small room

I had thought of writing Mrs. Brown

I am not discouraged though annoyed at Fremont — I can take a good deal now —

The people here think 1000$ would suffice for a chapel.

Mr. Walker says Sioux C. R.R. will not touch Columbus — John L Gage

over

I will try & hold / lots in reserve - The Cong. minister is very fraternal at Fremont

Dr. Chase will make trouble - He has wrote contract for 300.00

Cheyenne, Oct. 29th 1870.

Dear Bro. Jackson:— Mr. Fredendal, who maried Dora Karns a shot time since, has removed to Denver to take charge of the store of Mr. Martin, for whom he has been clerking in this place. Neither Dora nor her husband are members of the church. Will you call on them once in a while, and try to have them attend one of the Presb. churches in Denver?

I have had no word from the Board yet. They have delayed action upon my case so long that I fear if they do agree to renew my commission, as requested, they will date it from the 1st Nov., instead of the 1st of August. That would only give me $62.50 for the quarter just ended.

There will be some $70 of that (more if they should delay payment beyond the usual time,) due Bro. Souther on my boarding, which will hardly leave me enough to bring my family out. But, by the way, what is the regulation of the Board in such cases? Does the missionary have to take his family out to his field at his own expense or that of the Board. Foreign missionaries, I know, go at the expense of the Board, but I do not know what the regulation of our Board is.

Bro. Davis returned yesterday, but I have not yet seen him.

I suppose you can find Fredendal by calling at the Fremont House, which, I think, is kept by Dora's uncle. My best respects to Mrs J.

Yours fraternally,

W. G. Tephart.
